

Eliet Prof 5 Professional Shredder

4995.00 +VAT

? ELIET PROF 5 SHREDDER — 14HP WITH HYDRAULIC FEED ROLLER A dependable, heavy-duty shredder built for anyone dealing with green waste day in, day out — hedge trimmings, branches, brush, prunings and leafy material. Just 10 hours work from NEW ? KEY FEATURES ? Hydraulic feed roller — feeds the material in for you, even the twiggiest branches and heavy volumes of leafy waste, so you're not forcing it through by hand ? 14HP Subaru Robin OHC engine with electric start — strong, steady torque for long working days ? Patented Chopping principle — cuts with the grain of the wood, so it handles leafy waste and branches together without blocking ? Optional turbo blower discharge fitted — powerful chip removal, copes well even with damp material ? Wide 560 x 520mm feed hopper — takes large volumes of green waste with ease ?? ABM Anti-Block Motor system (B version) — automatically regulates feed speed to prevent blockages ? Stable 780mm wheelbase with swivel castors — manoeuvres easily through gates and narrow passageways ?? Parking brake — safe to use and safe to transport ? Heavy-duty blades — designed for 8+ hours of daily professional use ? WHY GROUNDS TEAMS RELY ON IT Whether you're a groundsman, greenkeeper, smallholder, farmer, estate manager or landscape contractor, the Prof 5 turns your green waste into usable chip on site. With the hydraulic feed roller doing the hard work of pulling material in, it cuts down on labour as well as skip hire and waste removal. £4995.00 plus vat Delivery Available
