

Ransomes HR300 Mower -Immaculate Condition -

8995.00 +VAT

Ransomes HR300 Mower -Immaculate Condition - !!! What A Find !!! Your very rarely see them this good for the money. Check out this 2013 year of build machine with just one owner from new and ONLY 772 genuine hours. Only ever used on very lightweight grass cutting this really is a special find. ? Ransomes HR300 Out Front Rotary Mower A dependable out-front rotary mower built for large areas of grass that need cutting reliably, day in, day out. The HR300 runs on a turbocharged Kubota diesel engine paired with hydraulic drive blades, so you get a consistent, even cut across parks, verges, paddocks, estates and sports turf without the wear and tear of belt-driven decks. ? Key features: ?? Turbocharged Kubota diesel engine for reliable power all day ? All-hydraulic drive blades - consistent blade speed, no belt slip ? 4 wheel drive Heavy Duty chassis for confident traction on slopes and uneven ground ? Full articulation deck follows ground contours for an even cut ? Even clipping distribution for a tidier finish ? Fewer moving parts and low serviceability index - less time spent maintaining, more time mowing ? Comfortable operator platform with adjustable controls for long working days ? Choice of wheel widths for extra stability on banks and rough ground Well suited to groundsmen and greenkeepers, smallholders, farmers, estate managers and landscape contractors who need a machine that just gets on with the job. JUST SERVICED and offered in an amazing condition. £8995.00 pls vat Delivery available.
