Ransomes HR300 Out Front Rotary Diesel Mower 2013 year of build 4061 hrs 60" Cut width RoadRegistered 33HP Kubota Diesel Engine 4WD Power Steering Fingertip deck control Quiet Operation
Ransomes HR300 out front diesel powered ride on mower. Starts, runs, drives and cuts all beautifully. The HR300 is known for its simple design with all hydraulic drive including direct drive to the blades, NO noisy driveshafts or gearboxes and less wearing/ mechanical parts. This also provides a much quieter deck noise when in operation. Operator comfort is also superior to many other machines benefiting from a deluxe suspension seat, adjustable steering column, simple fingertip control for deck operation, excellent visibility and single pedal hydrostatic transmission control.
